

Give meaning to the “bits and pieces” from your jewelry box.

Donate your broken gold, silver or gold-filled jewelry, single earrings, bits and pieces, to help fund our

Holocaust Torah Repair and Restoration*

Bring your bits and pieces to donate in a baggie or envelope and deposit them in the small “pot of gold” next to the photo of Rabbi Steve holding this very special Torah.

Jewelry Expert Todd Rosenblatt will evaluate all donations and give Temple Sinai a check to be used for this purpose.

*Our “Holocaust Torah” is on permanent loan to Temple Sinai. As part of that loan, we are obligated to keep it maintained and in good repair. This Torah was among 1,564 Czech Memorial Sifre Torah, recovered from the Nazis after the war, cared for by the Czechoslovak Government for many years, then acquired by Westminster Synagogue and distributed throughout the world as memorials to the Jewish tragedy and to spread light for future brotherhood on earth. Temple Sinai was blessed to receive it more than 45 years ago.
